

Specification

1U UPC Angled Modular Tray for MPO24 Cassette

1.Image

2.Products Description

Pre-terminated ultra-high density wiring box, 19 inches, 1U height reaches 96 cores, can be applied to data center, computer room, computer center and other high-density wiring places.

3.Illustration

4.Keyed Characteristics

- 4-1.Ultra-high density wiring application scenario;
- 4-2.Standard 19-inch width;
- 4-3.Ultra high density reaches 1U 96 cores;
- 4-4.Double rail design for easy installation and maintenance;

- 4-5.Spray surface treatment process;
- 4-6.Customized color and silk screen LOGO.

5. Technical Details

Construction	Description
Size(mm)	484*350*44
Executive standard	YD/T788 optical distribution frame
Working temperature	- 5°C ~ + 40°C
Storage temperature	- 25°C ~ + 55°C
Salt spray test	72 hours
Relative humidity	≤95% (at +40°C)
Atmospheric pressure	76-106kpa
Withstand voltage level	≤3000V (DC)
ASTM rating	4B
Adhesion	ISO rating
