

Fiber Optic Fast Connector

Application:

- 1.Telecommunication Network
- 2.LAN, wan, data and video transmission.
- 3.FTTH & FTTx
- 4.Optical fiber access of mobile base station.

Features:

- 1.Easy to operate. Usually installed as wall mounted in the building or at the green belt.
- 2.Design of double layer structure, the upper layer is the optical splitter wiring layer, the lower layer is the fiber fusion layer.
- 3.Operating temperature: -40° to 85°C
- 4.Cable Diameter Range: 2.0mm, 3.0mm, 2.0*3.0mm

Parameter:

Item NO.	Description	Unit	Standard
1	Insertion Loss(dB)	dB	≤0.3dB
2	Return Loss(dB)	dB	UPC≥45dB,APC≥50dB
3	Lenght	MM	50
4	Fiber Type	/	SM
5	Connector Type	/	SC
6	Color	/	Green and Blue
7	Fiber Cable Type	/	3.1*2.0mm butterfly optical cable
